UK Data Service

Worksheet – Exploring a download bundle task

Go to the Pioneers of Social Research collection (SN 6226, https://beta.ukdataservice.ac.uk/datacatalogue/studies/study?id=6226), and find the purple button to access data. You should see an option to download RTF files.

Download data directly. (Open UKDA Download)

File Format	File Size (MB)	Download
RTF	30.76	Download

Once you have downloaded the zipped bundle, find the following:

1. The data listing (available under the mrdoc folder, titled as a "ulist").
2. The interview guide (available under the mrdoc folder).
3. Find Stan Cohen's interview transcript (available under the RTF folder – you can find the file name of Stan Cohen's interview on the data listing).
4. Open and compare the interview summary and the interview transcript for Participant ID 20 (Diana Leonard). Consider what the role of the interview summary might be.
